

GLOBAL INDUSTRIE 2018

The largest event in France dedicated to manufacturing

From the 27th to the 30th March 2018 in Paris Nord Villepinte (Hall 7), France

For the first time, the event also includes the MIDEST (subcontracting), Tolexpo (sheet metal work, cutting and welding), and Smart Industries (industry 4.0) exhibitions.

It becomes the most important exhibition dedicated to the manufacturing sector, in both size and scope. At GLOBAL INDUSTRIE Paris 2018, 1000 exhibitors offer the 22 000 expected visitors the best to date in terms of innovation: equipment, solutions, products, supplies, services...

Meet with the Cetim experts on two dedicated areas « Place des Industries » and « Labo Industrie » and learn more on concrete solutions dealing with the « industry of the Future » and SMEs competitiveness.
